Part A: Pupil premium strategy plan

Statement of intent

At Redfield Edge Primary School all members of staff and governors accept responsibility for 'socially disadvantaged' pupils and are committed to 'diminishing the gap' between vulnerable pupils and their peers by meeting their pastoral, social and academic needs within the school environment. Pupil Premium and Recover funding is used to remove barriers to learning so that all our pupils reach their full potential and engage fully in our curriculum and school life.

Our Key principles are

- Ensuring high quality teaching meets the needs of all learners across the curriculum
- Additional targeted academic support for some children
- Removing barriers to learning through wider strategies i.e. behaviour approaches, mental health and social/ emotional support , attendance, access to extracurricular activities

Challenges (<://educationendowmentfoundation.org.uk/guidance-for-teachers/using-pupil-premium>)

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Wellbeing, mental health and safeguarding / Attitude to learning
2	Identifying and closing gaps in learning - supporting learning of basic skills (reading / maths)
3	Attendance
4	Limited wider curricular experiences

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Pupil's self-worth, confidence and resilience will be improved. Children will feel positive about learning.	Pupils are emotionally ready to learn and demonstrate a positive attitude to learning. Emotional interventions (e.g. ELSA) demonstrate impact (e.g. through case stories, key adult and child scaling)
The tracking and monitoring of vulnerable groups will be more effective using the precision teaching model. Interventions will have maximum effectiveness and support the needs for each individual child.	Children will make accelerated progress (reading and Maths)
Attendance across the school will continue to improve.	Attendance will consistently be above 97%
Children will benefit from an engaging and enriched curriculum and participate fully in the life of the school, attending events, clubs, trips and residential trips.	Numbers of pupils attending extra-curricular clubs will increase. Numbers of pupils attending out of school activities will increase. Trips will be accessed by all children. Children will fully engage in the curriculum and opportunities on offer.
